

## OVERVIEW

Aeyon is built on the power of insight and the speed of systems. With deep expertise in Department of Defense (DoD) and related civilian agencies, we provide experienced leadership teams that develop transformation strategies, advanced processes, and comprehensive technologies to deliver better outcomes, faster. We collaborate with senior management to identify barriers and design solutions to key challenges. Through insights, strategies, data analytics, and technical expertise, we implement the systems necessary to accelerate critical missions.

## CAPABILITIES

## WHO WE ARE

At Aeyon, we react quickly to client demands, rapidly assembling expert teams and working collaboratively with partners to solve your most pressing business challenges. To be the best, we demand the most, and it starts with the experience and intelligence of our people. Our teams are purpose built for the most difficult problem solving, complex engineering, and strategic consulting. Our advanced AI, automation, and digital systems revolutionize processes, so you can focus on your most important work and keep critical mission momentum.

## WHAT WE DO

Our company was founded on the principle that our nation's most important missions deserve teams they can trust. We provide agile and responsive business solutions concentrated in program management, data management and analytics, information technology (IT) system development, and process and performance improvement to the department of defense and related civilian agencies. We're experts in the organizations, processes, technologies, and data that support major acquisitions, procurement, logistics, and contracting initiatives as well as acquisition program management, strategies, and policies.

# 3 Ways to Reach Aeyon Sole-Sourced via SBIR Phase III

SMALL BUSINESS INNOVATION RESEARCH

VISIT US AT  
AEYON.US

## SBIR Phase III is sole sourced

Per 9(r)(4) of the Small Business Act (15 U.S.C. 638(r)(4)) to now state: (4) Competitive procedures and justification for awards. This Justification allows the three following paths.

01

### Order

Order a Task Order through existing GSA IDIQ. Establishing a Task Order under existing IDIQs takes as little as 30-45 days.

### Develop

Develop a custom SBIR Phase III IDIQ through GSA (only takes 90 days). Aeyon can assist in developing the requirements and walk through all the steps.

02

### Direct

Direct award from local Contracting Officer under the same SBIR Phase III sole source justification.

03

## Results / Benefits

- Pre-competed
- Rapid acquisition
- Added value with custom RPA solutions
- No limits on the dollar size
- No restrictions of the color of money
- No prime workshare requirements
- No J&A requirement
